Introducing MaxiFrame, a new QuickTime playlist solution for fullscreen and multi-screen playback. Standard Playlist let you organize your own clips or you can chose a dynamic playlist and let MaxiFrame build your playlist for you.

System Requirements

This software works best with Mac OS X 10.11 (El Capitan).

Installation

1. Double-click the archive file you have downloaded, maxiFrameDemo.zip. Open a Finder window for the maxiFrameDemo folder.
2. Read the MaxiFrame License and MaxiFrame Quick Start Guide.
3. Drag the MaxiFrame icon to the Applications folder on your disk drive. Double-Click the icon to launch program.

Purchase and Registration

Until purchased and registered, the software will function as a time-limited demo. The expiration date can be found on the Registration Panel.

Once the software expires you will no longer have unlimited access to the software's full functional capabilities. To purchase a license, visit our website at <http://www.einsteinslegacy.com> and click the "Store" link in the top right corner.

Finding More Information

While using this software , you may open the User Guide by choosing "MaxiFrame Help" (Cmd-?) from the Help menu.
